Place: Ananthapuramu

EXTERNAL EXAMINER

PREFACE

I did an internship from May 2023 to July 2023, at Celonis, a Process Mining in an United States. Celonis by Alex Rinke, Bastine Nominacher, and Martinas founded in 2011. This internship project is a part of Klenk as a Spin-Off from the Technical University of Munich(TUM). In July 2015, Celonis signed a reseller agreement with SAP. Celonis has since been offered by SAP as Celonis Process Mining by SAP. Celonis was the first company from the SAP Startup Focus program to sign a reseller agreement with SAP. This internship project is a part of III – Year B. Tech program which I conduct at Srinivasa Ramanujan Institute of Technology – Ananthapuram.

AICTE has prepared a model curriculum with the help of prominent academicians of the country so that the country may produce competent employable graduates as per the needs of the industries. One of the best academicians in an India is EduSkills as for the AICTE curriculum they provided Process Mining Virtual Internship. By doing this internship I can get more knowledge on Celonis foundation and Celonis architecture module to build my carrier in Celonis platform and also Eduskills provided some different company placement drives to grebe the employment in Celonis based companie
